

Hello, my name is **Renoir Tan**.

I am an avid programmer with more than 6 years of coding experience. I hope to learn more about AI and use what I learn in a real-world context.

Skillsets

Languages

Libraries

Awards

Cyberthon 2023

9th place (Team)

My team reached 9th place in this annual Capture-the-Flag competition organised by Hwa Chong Institution. My main focus were the binary exploitation problem sets.

National AI Student Challenge 2024 (Track 1)

1st place (Individual)

I created a model to predict pet adoption rates on PetFinder.my and suggested ethical improvements on the use of my model.

106th AFSCC Course

Silver Bayonet

I ranked 3rd in the SPYDER course for the 106th AFSCC batch.

Events

CSSxCDAC "Learn to Code!"

Team 1 Lead, March 2023

I led a team to teach secondary school students how to code by creating a Discord bot.

BuildingBlocs 2024 June Conference

Design & Publicity Lead, June 2024

I led a team to create a publicity materials and merchandise for the June Conference's participants.
